Calar Audric D.

Molino IV Bacoor Cavite

ac0zylle0webdev@gmail.com

Objective:

I am seeking an internship or a part-time job that will enhance my skills in web development or any task that would be related to the set of skills that I can provide. I am a self-taught programmer who wants to contribute to being a part of a team with the same set of mindset to be a success on each project that needs to be completed. All tasks that I can provide to a team will help and prepare me for my future career.

Skill Set

Frontend programming tools : JavaScript, HTML 5, CSS 3, Bootstrap, Bulma

Backend programming tool : PHP

Database programming tool: Mysqli
